More ▾

These courses enable you to qualify and develop as a judge in our amazing sport. You're involved behind the scenes and contribute in a meaningful way to competitions – they wouldn't run without judges.

We are currently creating new judging resources and courses for the new Olympic cycle, which will run from 2022-2024. All currently available courses can be found below. If a discipline or course is not yet showing it is because we are currently working with the committees to help produce the content and as soon as a course is ready for launch it will appear on this page to book onto.
